## ROOSEVELT ATTACKS OPPOSITION

WARM SPRINGS, Georgia, Apr. 21 (Reuter).—President Roosevelt, in a political talk, attacked the Republican opposition for its assertions that the present administration is "deliberately trying to put the nation into war."

Addressing a nationwide series of dinners of the Young Democrats clubs, the President urged the Democratic Party should choose a liberal pair of candidates, as President and Vice-President, in the forthcoming Presidential elections.

## Woman Cuts Throat In Cabin

A woman passenger on board a river steamer cut her throat. Suicide is suspected.

While the vessel was en route to Hongkong from Macao, a steward heard strange noises coming from a cabin. He forced open the door and found the passenger lying on the bed with blood pouring from her neck. A piece of broken glass was found beside her.

On arrival at the wharf, an ambulance was summoned and conveyed the woman to the Queen Mary Hospital where she died almost immediately after admission.

## GERMAN BOMBER IN SWITZERLAND

LONDON, Apr. 21 (Reuter).—A German bomber landed in Switzerland this morning. The crew were interned.

The crew, numbering four, stated they lost their way. The machine was confiscated.

Belgian defences destroyed a German plane which was trespassing yesterday.

## FATAL ACCIDENT IN GARDEN ROAD

Lorry No. 4492, of Man Kee and Company, which was involved in a fatal accident in Garden Road yesterday.

A 60-year-old man, Tam Kwan, was knocked down and killed by a motor lorry in Garden Road yesterday shortly after noon.

The vehicle, carrying a number of men of the St. John Ambulance Brigade, who were returning from a drill and demonstration at St. Paul's Girls' School, was proceeding down Garden Road when it swerved in an attempt to avoid a collision with a private car, which, it was alleged, was overtaking a bus going uphill.

The lorry crashed into a tree near the Murray Parade ground and knocked Tam Kwan, who was walking by. One member of the Ambulance Brigade, who was a passenger, was rendered unconscious through the impact.

An ambulance conveyed Tam to the Queen Mary Hospital where he died a few hours later.

## Pirates Kill Foki Aboard Junk

### Attack Off Man San

A piratical attack on a junk in Chinese waters three days ago resulted in the killing of a foki while another member of the crew was wounded.

Yung On-lam, master of the craft, who arrived at Hongkong yesterday, reported to the police that he left Hol Mun, Chuchow, on April 19, with six passengers and a cargo of 181 baskets of oranges. While sailing off Man San, a fishing junk approached and fired several shots.

Refusing to obey the warning, he kept on his course, but the pirate Continued on Page 8.

## DR. PAUL MONROE RETURNS

### IMPRESSIONS OF CHUNGKING

Dr. Paul Monroe, eminent American educator, returned to Hongkong from Chungking by plane on Saturday, and is leaving tomorrow by ship for the United States.

Interviewed Dr. Monroe said that during his brief stay in China's wartime capital he had seen Generalissimo and Madame Chiang Kai-shek, Dr. H. H. Kung, Vice-President of the Executive Yuan and Minister of Finance, Dr. Sun Fo, President of Legislative Yuan, and other prominent Chinese and foreign leaders.

Dr. Monroe recalled that over ten years ago Generalissimo Chiang Kai-shek had told him what China needed most. He replied that she most needed a strong leader. He was glad to find such a leader in the person of the Generalissimo himself.

Asked about his impressions of Chungking, Dr. Monroe said that the Chinese Government has full confidence in victory in the war and foreign residents in Chungking believe, too, that China will win the final victory.

China, Dr. Monroe observed, is on the way to rejuvenation through her own efforts and need not rely upon the assistance of the Soviet Union, Great Britain or France.

### STUDY OF SCIENCE

China's political administration has undergone reforms. Youths of fine scholastic standing, especially returned students who have made a deep study of science are employed in different government offices in lieu of the old officials.

China has taken big strides in industrial development. All research organs are energetically studying measures to exploit the natural resources in order to increase the nation's power of resistance. A large number of new industries have been inaugurated.

Many young men, Dr. Monroe revealed, have been dispatched by the Chinese Government to America to study motor transport, aeronautical engineering, etc. When they return to China, their service will be most valuable.

Dr. Monroe said that the conference of the World Federation of Education scheduled to be held in the Philippines in August will be postponed as it will be difficult for the delegates of various countries to attend on account of the war in Europe.

## BRITISH FORCE OCCUPY LAERDAL: POSITION OF STRATEGIC IMPORTANCE

### Germans Preparing To Meet Attacks From North, South

STOCKHOLM, APRIL 21 (REUTER).—A BRITISH FORCE HAS LANDED IN LAERDAL and occupied a position of great strategic importance.

From Laerdal there is good road communications with Fagernes, the terminus of the 90-mile railway from Oslo.

A good road also leads from Laerdal to the important Oslo-Bergen Railway. British troops in this region are reported to have already contacted the Norwegian forces who still hold the junction of Dombas which German parachute troops made several attempts to capture.

Gen. Weiss, the German commander at Trondheim, is now reported to be preparing hurriedly to meet the Allied attacks from both the north and the south.

## Fire Follows Explosion In Factory

### Taikoktsui Outbreak

Over \$250,000 worth of property, machinery and raw materials was destroyed by a disastrous fire in the Mongkong district last night.

The first, which broke out about 7.45 p.m., was accompanied by a loud explosion early on. The cause of the conflagration is a mystery and the police are investigating.

The factory is the Chiao Hua Iron and Steel Manufacturers of No. 4, Anchor Road, Taikoktsui. The workshops were recently utilised for the manufacture of gas masks for the Chinese Government.

On weeks' days, the factory employs several hundred workmen and that no person was injured by the fire was due to the fact that yesterday, being Sunday, there was only a handful of employees.

Several appliances arrived at the scene and the fire was under control after 9 p.m.

## Two Enemy Transports Torpedoed

LONDON, Apr. 21 (Reuter).—Two enemy transports were hit by torpedoes from British submarines.

This news was contained in an Admiralty communiqué issued on Saturday evening.

The communiqué states:—"Intermittent air attacks on our naval units and transports occurred during the past two days and are increasing in intensity today. However, they obtained no hits on either ships or transports while three of their aircraft have been shot down and others damaged."

"News of the destruction of the third enemy aircraft was received in the following signal from one of H.M. ships: 'Bombed again, but shot him down.'"

"An enemy convoy has been attacked by one of our submarines, two transports being hit by torpedoes."

## RELATIVE INEFFICACY OF AIR ATTACKS ON NAVAL UNITS SEEN: DESTRUCTION CAUSES ANALYSED

### "Great Firework Display"

LONDON, Apr. 21 (Reuter).—The heaviest ring since the beginning of the war shook houses on the south-east coast tonight and British fighters went out to engage attacking planes at sea.

The attack began shortly after 10 p.m., and people rushed on to the front to witness what was described as a "great firework display."

No air raid warning was sounded and the whole action took place well out to sea.

The action continued up to 11 p.m.

LONDON, Apr. 21 (Reuter).—The relative inefficacy of air attacks on naval units is seen in an interesting balance sheet, released in London today, analysing the causes of destruction or damage during the week from April 8 to 16.

It is revealed that air attacks accounted for the sinking of one German cruiser and one British destroyer and succeeded in hitting one German cruiser, two German destroyers, one British battleship and one British cruiser.

Two British cruisers were also very slightly damaged by flying bomb flint, resulting from an air attack, but not hit.

Other forms of attack, namely from submarine, surface craft, mine or land batteries, have (including Norwegian claims) resulted in the sinking of three British destroyers and in hits on one German battleship, one German pocket battleship, three German destroyers (later sunk), one British cruiser and six British destroyers. The foregoing excludes submarines about which there are no statistics available.

### SANK TWO

Thus, air attack sank two and hit five vessels in all, whereas other forms sank 14 and hit 11. Moreover, a very heavy bomb dropped from the air on the battleship Rodney, resulted in very slight damage thanks to the very strong deck armour and the vessel was not in any way affected by the explosion save for injury to four officers and three men. This was the first hit by a bomb sustained by a battleship in this war.

It is pointed out in authoritative circles in London that these figures were especially significant in view of the heavy destruction wrought on the German Fleet in the past

## Japan So Sorry!

WASHINGTON, Apr. 21 (Reuter).—Japan's Ambassador to Washington, Mr. Horinouchi, explained to Mr. Cordell Hull Japan's attitude towards the possible developments in the Dutch East Indies.

Mr. Horinouchi, on leaving, stated that the Japanese and United States governments were virtually in agreement since both like Holland and were anxious to maintain the status quo.

## Truant Tells Triumphant Torpedoing Tale

LONDON, Apr. 21 (Reuter).—After negotiating the minefields in the Skagerrak and torpedoing the cruiser Karlsruhe, which was carrying 571 men, the British submarine Truant has returned triumphantly to its home base.

In one of the most remarkable exploits of the war the Truant had slowly to worm her way through the extensive minefield to where the German troops were being escorted by a cruiser and destroyers. Then she torpedoed the Karlsruhe.

The accompany destroyers immediately made a concerted attack, dropping depth charges all round the Truant but she escaped and again negotiated the minefield and made for home.

## BIGGEST DAYLIGHT AIR RAID EXERCISE HELD

### Preparedness Of St. John Ambulance Brigade Tested

THE PREPAREDNESS AND EFFICIENCY of the various sections of the St. John Ambulance Brigade in an emergency were put to the test yesterday in the biggest daylight air raid exercise yet held in Hongkong.

Over 600 members of the Brigade, including the nursing and mobile divisions, took part in the exercise, which commenced at 10 a.m. and lasted over two hours, and in which the Fire Brigade, both on the Island and in Kowloon, co-operated.

There was a fourfold object behind the exercise. It was desired, firstly, to test the speed, preparedness and general efficiency of Brigade members; secondly, to test the lines of communication; thirdly, the work of the ambulances and the transport of personnel and supplies; and, lastly, the orderly working at first aid stations.

General direction of the exercise was based at the Brigade Headquarters at Taihang. There were five first aid stations on Hongkong Island and three in Kowloon, with intermediate posts at all of which St. John men and nurses were posted, all assigned their proper duties.

Boy Scouts assisted by acting as messengers, while many doctors

## CLEMBER WINS ST. GEORGE'S PLATE

### Happy Landings Causes Major Upset

### MR. "VIC" NEEDA TOPS JOCKEYS LIST

A feature of the Hongkong Jockey Club's Fourth Extra Meeting on Saturday was that in five of the nine races the winning horse led from start to finish. Cember, winner of the St. George's Plate being one of them.

It will be recalled that Cember won the Griffins Consolation Stakes on the fourth day of the Annual Meeting, and then, trained specially for the mile and a quarter, just cantered home six lengths in front of the rest in the St. George's Plate. The plate was presented to Mr. Cyril Gregory, Manager of Marber stable, by Mr. H. V. Wilkinson.

Favourites were very much to the fore and dividends were low, except for a major upset created by Mr. Elandee's Happy Landings who won the last race to pay \$100.40 in a thrilling finish in which Flying Dutchman, the second favourite, was a short head behind. The favourite Double Finesse, failed completely.

#### THE DAILY DOUBLE

The Daily Double returned \$184.50 to each of 52 backers of the correct combination on Fair Chance and Smiling Time. The total pool was \$9,596.00 and it is worthy of mention that only 264 tickets of the 2,176 were on Smiling Time.

There was a minor mishap when Some Hope sustained a shoulder injury in the last stage of the Hunchback's Handicap and had to be removed from the track in the horse box.

#### MR. NEEDA TOPS LIST

Mr. V. V. Needa was the leading jockey with two wins and a second in seven mounts while Mr. P. Y. T. Wei had two wins in four starts. Mr. Pih had one win and two seconds while Mr. Chao had one win and one third. Messrs. Trevorton and Proulx each rode a winner. The former has now completed his ninth win and only requires one more winning mount for his spurs.

The Marber stable was the most successful having a win, a second and a third.

The weather was overcast but except for a slight drizzle it did not interfere with the afternoon's sport which was well enjoyed by the moderate crowd present.

Following are the results with brief notes on how the horses ran:—

#### RACE ONE

### SOFTBALL LEAGUE ENDS

### RECREIO GIRLS TROUNCED

The following were the results of League Softball matches played yesterday:—

LADIES LEAGUE

	R.	H.	E.
Canadian Chinese	30	26	1
Recreio "B"	3	5	9

These two fixtures complete the League programme and the Canadian Chinese and Recreio Aces have won the championships of the ladies and men's leagues, respectively.

The Recreio girls were unable to turn out a full team which accounts for the lopsided score.

PRESENTATION NIGHT

The Softball League will hold a dance at the Peninsula Hotel on Friday, Apr. 26, from 9 p.m. to 2 a.m. Tickets are \$2.50 each. Art Carneiro and his band will be in attendance.

### The Second "Barrel"

The Kowloon Cricket Club's "Barrel of Fun" crew rolled out another two hogheads at the China Fleet Club on Saturday night, when, once more, the whole show was greatly enjoyed by all present.

The old numbers remained, however, first favourites, and the sketch, "In Darkest Africa" was adjudged the best of the evening. Bill Colledge, sword manipulator, was commented upon for his efficiency by all connoisseurs of the art, and a new number, "The Wedding" proved quite a success.

Hal Lorenzo, Winnie Cox and Vic Labrum were among others who received a big ovation. Others appearing on the programme were Ernie Fowler and Dick Labrum, Margaret McAlpine, Bill Simpson, Bob Leigh, John Luke, Daisy Goodwin, Ernest Perry, The Ho Sisters, Paddy Seats, and Les Gibson.

David Kossick produced and compered the show, proceeds from which were in aid of the British War Organisation Fund.

### U.S. Baseball Results

NEW YORK, April 21 (Reuter).—Results of the major League baseball matches played yesterday were:—

The following games were postponed on account of rain:—  
St. Louis-New York, Philadelphia-Boston, Cincinnati-Chicago.

LEAGUE CRICKET RESULT

Craigswonger Cricket Club concluded their Second Division Cricket League fixtures on Saturday when they visited Civil Service Cricket Club and were unexpectedly beaten by five wickets. The scores:—

C.C.C. 2nd XI 86 (A. B. Hamson 44, T. Locke 20, G. Ansley 7 for 25, K. J. Attwell 3 for 18), C.S.C.C. 2nd XI 102 (G. Ansley 44, A. Watson 24, C. W. Lam 3 for 44, A. B. Hamson 4 for 8).

FRIENDLY GAME

In a match played at the Diocesan Boys' School on Saturday, Mr. A. Zimmerman's X beat the School X by 10 runs. The scores:—

### "Curtains" At The "Y"

### HOCKEY SEASON CONCLUDES

The Y.M.C.A. brought their hockey season to a close at King's Park on Saturday with two intra-club matches, group photographs and "a big tea."

"Y" Ladies, the Caer Clark Cup champions, drew one-all with the Men's 2nd XI, while the Service members defeated the Civilian members by four clear goals.

The Ladies played a number of reserves and two volunteers from the Men's teams, and did well to draw after the 2nd XI had opened the scoring.

Mrs. Dudley and Mrs. Stone stood up well to the opposition, while in the intermediate line Miss Stokes, pivot, and Miss M. McCaw were also impressive. Miss D. McCaw and Miss B. Harker were the only two to impress in the forward line.

The men opened the scoring in the second half when Stone netted from a perfect pass by Smits, but Mrs. Stone equalised from a short corner shortly afterwards.

The teams were:—  
LADIES—Millington; Mrs. Dudley and Mrs. Stone; Miss M. McCaw, Miss Stokes and Waldron; Mrs. Bicknell, Miss B. Harker, Miss D. McCaw, Mrs. Macklin and Mrs. Peters.

JUNIORS—Miss S. Bruce; Kellen and Grant; Bank, Taylor and Ireson, Smits, Dormer, Stone, Jeffrey and Beavan.

SERVICES TOO GOOD

The Services proved much the superior team to the Civilians, and completely dominated the game in the second half.

Colledge, playing at inside-right for the Civilians, injured his knee at a late stage of the game and was forced to leave the field.

The Services' forward line was fast and gave the Civilians defence a trying time. They opened the scoring in the first half through Highlands, while White (2) and Gemmell scored in the second half.

The teams were:—  
SERVICES—Millington; Jordan and Tomlinson; Jeffrey, Pennington and Waldron; Corser, Gemmell, White, Highlands and Wall.

CIVILIANS—Denwell; Dormer and Yourieff; Kempton, McLellan and Broch; Smits, Stone, Taylor, Colledge and Bates.

David Kossick produced and compered the show, proceeds from which were in aid of the British War Organisation Fund.

### REFEREES MEETING

## CHAMPIONS DEFEAT THE REST IN LAST SOCCER MATCH

### Lee And Lai Shiu-wing Net For South China "A"

### Robinson Saves A Penalty

Another successful soccer season was brought to an official close yesterday when the Champions of the Senior League and the Rest of the Colony met on the Club ground.

South China "A", the champions, defeated the Rest by two goals to one in a game which, despite a noticeable dwindling off in the enthusiasm of the players, was not without bright moments.

There was an appreciable crowd present to watch the match, though the stands were not full. At the conclusion, Mrs. M. K. Lo, wife of the Hon. Mr. M. K. Lo, Vice-President of the Hongkong Football Association, presented the Hongkong Daily Press Cup to South China. She also distributed the trophies to the winners and runners-up of the junior leagues.

South China fielded their usual team. Roughly took Blackburn's place as right full-back for the Rest, while Forrow played left-half as Lau Chi-tan, Eastern player who was originally to fill the berth, is on tour in Manila with his own team.

There was no score in the first half of the game, though the Champions were forced on many occasions. The Chinese custodian effected many fine saves, but it could be said that South China had really warmed up till the second session.

Shortly after the interval the Chinese were awarded a penalty. Lee Wal-tong took the kick but it was saved by Robinson.

Lee Wal-tong, finding an opportunity after resumption of play, opened the score with one of his characteristic shots that settled seemingly without trouble in the net behind Robinson.

The Rest tried hard to equalise, and Fowler leg many spirited attacks. There was little support, however, from the wings, and entirely too great opposition from Lee Tin-sang and Mak Shu-hon, stalwarts of the Chinese defence.

Taking advantage of their opponents' weak points, South China, through Lai Shiu-wing, added another point. The Rest of the Colony, somewhat disrupted at this stage, managed to secure their goal through Pereira.

The teams were:—

## Birth - Rate Debate By Women

Women argued for and against an increase in the birth-rate recently when Mrs. E. M. Hubback, on behalf of the executive committee, moved a resolution at the annual meeting in London of the National Council for Equal Citizenship urging that there should be a campaign to check the declining population.

Mrs. N. Shackleton, Liverpool, said that they should make use of the schools to bring home to girls their responsibilities as future citizens.

Mrs. Helena Norman, the barrister, said that she distrusted the proposal. "This resolution was in line with what Hitler and Mussolini wanted. She had been in the drilling grounds of Italy. Boys of ten were given real machine guns with which to practice, and boys of three were given toy muskets."

VERY EXAGGERATED  
All these prophecies about what

is going to happen as a result of the decline in the birth-rate are very exaggerated, Mrs. Norman said. "Why worry about what is going to happen in 1955? For God's sake let us worry about what is happening right now. We don't want it to get out that this country stands for the wholesale supply of cannon fodder."

What we have to do is to look ahead, and as women we have that responsibility, said Mrs. Hubback. "It matters very much what is going to happen in 30 years' time, and it is because in this country we stumble along and do not see our difficulties until we are up against them, that we are in our present position."

"I want to remove the joke about having a large family, for if a couple do have a large family today they are laughed at."

The resolution was carried by 29 votes to 12.

On the question of national physique, the Council passed a resolution urging the Government to call, emphatically upon local authorities throughout the country to construct or make available halls large enough to accommodate health exercise classes for women.

## 1940 WAR INVENTIONS CRAZE

War stimulates inventors, crack-brained and otherwise. During 1914-18 thousands of schemes poured into the various war departments, but only a handful were put to any practical use.

THREE CLASSICS

(a) train seagulls to perch on submarine periscopes; (b) freeze the clouds and mount machine-guns on them to combat Zeppelins; and (c) teach cormorants to peck the mortar out of Krupp's munitions works.

Recently, a few 1940 inventions were revealed. Designed by an Italian, on traditional barrel-organ lines, was a machine which flings out a stream of disc grenades when the handle is turned. Friction against a roughened surface before they are released ignites the grenade fuses.

Someone else suggested an ingenious steel "crocodile" guaranteed to pierce the toughest barbed-wire entanglements. Other notions included radio-controlled tanks, anti-aircraft chain shot and decoy lights to deceive raiding aeroplanes.

The death is announced of Mr. George Booleen, for 40 years a resident of the Far East, and until his departure from Shanghai a short while ago, manager of the Shanghai branch of the Hamburg Amerika Linie. Mr. Booleen died at Honolulu on April 8 according to a telegram received in Shanghai on April 10.

"If British civilians are slaughtered and their cities laid waste there will undoubtedly be a powerful reaction in this country. It could be strong enough to sweep us into war."—Boston Post, U.S.A.

JAPANESE OFFENSIVE IN SHANSI

Chinese Positions Are Heavily Shelled

LOYANG, April 20 (Central)—Under heavy artillery and aerial bombardment, more than 4,000 Japanese attacked the Chinese positions north of Maotaintu, important Yellow River crossing in south Shansi, on Thursday.

Fierce combats centred around Pachentsun, where Chinese troops put up a stiff resistance.

Japanese planes heavily bombed the Chinese lines in quick succession. One of them was shot down, crashing at Nantsun, near Maotaintu. The machine was a total wreck and the airman were all burned beyond recognition.

Fighting has also been renewed along the Yicheng-Tsinshui highway, as the Japanese have opened an offensive on Lungchwachen, Tungshanchwang and Nannatsun. Chinese reinforcements have been rushed there to check the advance of the enemy.

In south Shansi, fighting has again flared up after a lull. Some 3,000 Japanese have launched a southward drive from Chang-chin.

CHINESE VICTORY

CHUNGKING, Apr. 20 (Central)—The Shanghai Municipal Kuomintang Headquarters has sent a congratulatory message to Generalissimo Chiang Kai-shek regarding the recent Chinese victory at Wuyuan in west Suiyuan.

Under the command of General Fu Tso-yl, Chairman of the Suiyuan Provincial Government, Chinese troops recaptured the strategic city, inflicting heavy Japanese casualties and seizing many Japanese field and anti-tank guns, machine-guns and army lorries.

CHINESE RAID ON CANTON

JUNGYUN, April 20 (Central)—Chinese forces launched a surprise attack on the northern outskirts of Canton and destroyed a Japanese provision depot on April 15, according to a belated message. During the brisk encounter the Japanese suffered a considerable number of casualties and lost several armoured cars.

JAPANESE PLANE SHOT DOWN

CHUNGKING, April 21 (Reuter)—Heavy fighting is said to be in progress in the area north of Maotaintu, on the north bank of the Yellow River, in south Shansi. Assisted by artillery and aerial bombardment a strong Japanese column launched an attack on Thursday in the direction of the Yellow River crossing.

One Japanese plane is claimed to have been shot down by anti-aircraft fire. The crew were killed; the plane crashed in flames near Nantsun.

In the Nanchang area fighting is continuing in the vicinity of Wangshoukung and Sishan, points west of the Kiangsi capital, where heavy Japanese reinforcements are said to be taking part in the operations.

"Tubby" Gives A Laugh

BAGGY TROUSERS & LUMBER JACKET

LONDON, April 21 (Reuter)—Thousands gathered at Euston Station when the men from H.M.S. Hardy arrived, and a Royal Marine band played them in. They came onto the Horse Guards' Parade in two lines, some in "lambs," some in sea-boots, some without hats, and some in Norwegian caps and jackets.

A real "tubby"—in the words of one announcer, "20 stone if an old drop"—especially amused the crowd with his lumberjacket and baggy trousers.

SKIING CLOTHES

The officer in charge wore skiing clothes.

The men formed three sides of a hollow square.

They were not particularly smart, but that is understandable; most sailors walk with a roll, and in their quaint mixture of uniforms and clothes, some of them positively waddled!

Mr. Churchill, First Lord of the Admiralty, and Admiral Sir Dudley Pound, First Sea Lord, inspected them, after which Mr. Churchill addressed them.

RAIDER DRIVEN AWAY

LONDON, April 21 (Reuter)—A German bomber which tried to approach the Shetlands was driven off and badly damaged by a single-engined British fighter plane which was on lone patrol.

The British pilot saw the German machine some miles out at sea. The bomber fled eastwards and the British pilot pursued it for 20 miles, during which time he climbed to 3,000 feet above it.

He then dived and opened fire at close range.

Describing the fight when he got home, he said:—

"I think the starboard engine was hit by the way the plane went zig-zagging away, losing height. When I last saw him, he was only 1500 feet up and hundreds of miles from home."

Paper Moves Into A.R.P. Dug-Out

AIR - MINDEDNESS IN CHUNGKING

CHUNGKING, Apr. 21 (Reuter)—Indication of Chungking's air-mindedness is seen in an announcement in the local English-language daily Hankow Herald.

"We beg to announce that beginning from next Monday, April 22, the Hankow Herald will suspend publication for a fortnight in order to have its machinery moved into a dugout."

"This precautionary measure, as our readers and friends will surely agree, is absolutely necessary in view of the approaching bombing season. After publishing the paper for a year without any protection, we feel we cannot afford to run any more risks."

GERMAN OFFICER IS KILLED

THE HAGUE, Apr. 21 (Reuter)—German bomber made a forced landing today near Maastricht after being fired on by Dutch anti-aircraft guns.

An enquiry is to be opened to establish whether the plane was hit by Dutch guns or damaged in an air fight outside the Dutch frontier.

It is reported that a German lieutenant was killed and the four other occupants of the plane seriously injured.

ATTEMPT ON NORWAY'S KING FAILS AGAIN

LONDON, April 21 (Reuter)—In a broadcast, a Norwegian official who has just arrived from Norway described a German air attack on King Haakon when he and members of the Government and entourage were gathered in a small village for their simple meal towards evening.

The alarm was suddenly sounded and they hurried for the woods. King Haakon was about 15 yards in front of the speaker when the planes opened machine-gun fire on the village. The King and those with him threw themselves into a ditch with two farm people from the district.

FIRST BOMB DROPS

Half a minute later, the first bomb dropped in a small field close to a school, 80 yards away. In an interval, they gained the cover of the woods and the King and Crown Prince laid down with

Polish "Sub" Puts Into Port

FOUR VICTIMS IN ONE PATROL

LONDON, April 21 (Reuter)—Further details are now available of the sinking of the Nazi troopship, Rio de Janeiro, by the Polish submarine, Orzel.

After sinking the vessel, which is believed to have been carrying about 300 men, the Orzel submerged and crept along, being continually rocked by the explosions of depth charges.

"LET HER HAVE IT"

A member of the crew says that when they sighted the large troopship, the Orzel "let her have it" with a torpedo which struck the ship amidships.

The Orzel was attacked by German destroyers but managed to evade them. When she came up again, the transport had gone and all that was left was a huge patch of oil and floating wreckage.

Most of those in the Rio de Janeiro seemed to have gone down with the ship.

WARM WELCOME

The Orzel, received an enthusiastic welcome when she returned to a British port today after her adventurous experiences in Norwegian waters.

It is now believed that in addition to the Rio de Janeiro, the Orzel sank a German destroyer and three German supply ships.

A member of the Polish crew stated today: "We had no difficulty in sinking the Rio de Janeiro and later we saw three supply ships which we sent down."

"Then we were attacked by a German destroyer but we got in the first thrust and we believe the destroyer was sunk."

In the meantime, London's every day life progresses smoothly under war conditions. The hotels, theatres and other places of entertainment draw their usual crowds and the faces of the people are vividly alive with a satisfaction and contentment over the way their leaders are handling the challenge that has been taken up with the Nazis.

## MANY SENTENCED AT CRIMINAL SESSIONS

### Large Number Of Arms Possession Cases

PLEAS WERE HEARD BY THE CHIEF JUSTICE, SIR ATHOLL MACGREGOR, WHEN THE CRIMINAL SESSIONS OPENED AT THE SUPREME COURT ON SATURDAY. MR. E. H. WILLIAMS, CROWN COUNSEL, PROSECUTED IN ALL CASES.

Five men, Wong Cheung, Lam Sang, Cheung Yau, Lau Wo and Wong Loi were charged with robbery and unlawful possession of arms and ammunition. The first three accused pleaded guilty to robbery of \$40 Hongkong money, \$40 Chinese currency, 300 Chinese copper cents and other articles at Cha Hang Village, New Territories, whilst the second and third accused also admitted possession of a hand grenade, two revolvers and six rounds of ammunition at Fanling.

His Lordship sentenced Wong Cheung to two years and three months' hard labour, and Lam Sang and Cheung Yau to three years' hard labour each.

#### NO EVIDENCE

Mr. Williams, who said first accused had given the police considerable assistance, also intimated that the Crown proposed to offer no evidence against the fourth and fifth men, who were accordingly discharged.

Similar charges were preferred against five others, Mak Ping-kwong, Chan Kau, Chan Sau, Chan Tak and Chan Lap.

It was alleged that first, second, third and fifth accused had, at Lofaushan on March 13, robbed Mak Kam of \$500 in Chinese currency, \$40 Hongkong money, clothing and other things. First, second, third and fourth accused were charged additionally with being in possession of four revolvers and 19 rounds of ammunition at Un Long on March 21.

Third and fifth defendants pleaded not guilty to the first charge, whilst the fourth accused denied guilt on the second charge. Mr. Williams said the Crown would not offer evidence against the fourth and fifth men, and they were discharged.

Mak Ping-kwong and Chan Kau were each sentenced to three years' hard labour, while Chan Sau was given nine months.

#### PRISONER ILL

Unlawful possession of four Mausers, one revolver, one automatic pistol and 148 rounds of ammunition was the charge against six other men, Li Ping, Chan Tim, Tsai Tang, Hui Lam, Lau Kau and Wong Lin.

It was stated that Lau Kau, who did not appear, was suffering from pleurisy. The others all pleaded

guilty, and were sentenced to 15 months' hard labour.

Lau Wah and Ng Wing-cheung, who were charged with possession of one revolver and five rounds of ammunition, were sentenced to nine months' and 12 months' hard labour respectively.

#### GAVE POLICE HELP

Mr. Williams said Lau had given the police every assistance in tracing the man who stole the weapon, and the Chief Justice told accused he took that fact into consideration in deciding the sentence.

Both men, it was stated, were now serving six months' imprisonment for conspiracy to commit a crime, and their new sentences would commence after the expiration of the present term.

Wong Man, who pleaded guilty to the charge of possession of an automatic pistol and six rounds of ammunition at Tin Hau Temple Road on March 2, was sentenced to one year's hard labour.

#### OTHER CASES

Admitting unlawful possession of 20,600 heroin pills at No. 25 Mosque Junction, Chan Tui was sentenced to three years' hard labour.

Leung Shui, who was charged with larceny of \$10 from the person of Fung Lo at Cochrane Street on April 4, and who had nine previous convictions, was sentenced to 18 months.

Three returned life banished, Cheung Wing, Chau Tai and Chan Kam, were sentenced to two, three and two years' hard labour respectively.

Cheung Wing, who was banished in November 1937, said he was forced to come back by the Japanese invasion of China. The Chief Justice remarked that the accused had a dreadful record, dating back to 1910.

## Assaulting An Officer

### MAN WHO HAD TO BE FIRED ON

Charged with having assaulted a police officer in an attempt to evade arrest, a Chinese named Wong Ming was sentenced to evade arrest, a Chinese named Wong Ming was sentenced to 12 months' hard labour by Mr. E. H. Williams at Kowloon Court on Saturday.

It was stated in Court that after having warded off the hand of a Chinese detective, Mak Sing-kwai, who was endeavouring to detain him, defendant pulled away the detective's handcuffs, snatched away the officer's whistle, and then struck him in the face.

Mak had, however, managed to blow one blast with his whistle and arrested defendant after the latter had fallen in an attempt to run away. Both Mak and another police officer had to draw their revolvers and fire before defendant could be persuaded to stop.

#### LARCENY REPORT

The arrest, which was effected in Reclamation Street about 10.30 p.m. on April 14, followed police investigation into a larceny from the South China Dental Accessory Company at No. 33, Haiphong Street.

The goods stolen were 150 pieces solita teeth, 20 sets clins teeth, 320 pieces anatomical teeth, 20 boxes arden alloys, five packages pink and maroon base rubber, five packages waxes and eight packages modelling composition.

Defendant was convicted also on a charge of larceny by trick and sentenced to a prison term concurrent with the sentence of 12 months.

## EX - POLICE RESERVIST FINED \$1,000

### Extremely Amateur Criminal Says Chief Justice

Found guilty on March 27 on a charge of demanding money with menaces at a room in the Empress Hotel on January 29, Ho So, a Police Reservist, was brought before the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions on Saturday for sentence.

It will be recalled that Ho So was found Not Guilty on a charge of threatening to accuse a salt fish dealer, named Chan Sik-tim, of the crime of murder.

Mr. E. H. Williams, Crown Counsel, appeared for the prosecution while the Hon. Mr. Leo D'Almada, Jr., instructed by the Hon. Mr. M. K. Lo, was for the defence.

Ho So was fined \$1,000 with the alternative of nine months' imprisonment with hard labour. His Lordship ordered the accused to remain in custody until the fine was paid.

Crown Counsel informed the Court on Saturday that he understood that there had been no complaints about the accused while he was in prison. The accused had been interviewed by a police officer on Friday and said that he would endeavour to give information about the other two men Chan and Ng, mentioned in the case, and would do his best to find them.

Mr. D'Almada, in reply to his Lordship, said that he had nothing to add to what Mr. Williams had said.

LOT OF THOUGHT

In passing sentence, his Lordship said that he had given the case a lot of thought and he did not desire to minimise its gravity, but there were certain features about the case that would tend to do so.

The first feature that struck him most, said his Lordship, was that the accused was an extremely amateur criminal and had neither the courage nor callousness to be a really bad man. To take his victim to a hotel room and there entertain him with a pipe of opium was not a success in his walk of life.

The accused, continued his Lordship, had had the anxiety of a long trial on a very serious charge and had tasted life in prison.

"I am going to impose on you a punishment which I hope you will

## NEW WATER PUMPS

It has just been revealed that since Monday last, water from Tsyam Reservoir has been pumped to the Hongkong filter beds by the new electric pumps which were installed recently to replace obsolete machinery.

During a week of continuous running, the new pumps have lived up to expectations, giving trouble-free and efficient service.

As far as the ordinary consumer of water is concerned, the new pumps do not affect the supply through the mains one way or the other.

But from the technical point of view, there are certain beneficial considerations.

The wedding took place at the Rosary Church yesterday afternoon between Mr. Leonardo Jose da Silva and Miss Olga Ribeiro, the Rev. Fr. H. de Angelis officiating. A reception was held later at the Club de Recreio. The bride looked charming in white, in a tight fitting bodice of brocade satin with full net skirt fastened after the prima donna fashion. She carried a fan of white roses. The bridesmaids, the Misses Irene Botelho, Elsa Ribeiro, Helena Ribeiro and Marian Silva, paired in blue and pink ensembles and carried bouquets of wild roses. Little Miss Frances Silva was flower girl, and the Masters Ribeiro, the bride's nephews, were page boys.

The bride was given away by her brother, Mr. J. Ribeiro, and the newly weds left the Church under an archway of badminton racquets, the Recreio Mixed Doubles team forming a guard of honour. Mr. J. F. V. Ribeiro and Mr. R. A. Silva undertook the duties of groomsmen. Both bride and groom are prominent in Recreio sporting circles. Mrs. da Silva being a member of the Mixed Doubles team in the past several years and Mr. da Silva a member of the Recreio team that won the Senior Championship of the Lawn Bowls League last season.

DANES NOT TO BE TREATED AS ENEMIES

It is notified for general information that the Kingdom of Denmark, excluding the Kingdom of Iceland, the dependency of Greenland and the Faroe Islands, is territory in the occupation of a Power with whom His Majesty is at war and is, therefore, "enemy territory" for all purposes under the Trading with the Enemy legislation.

With regard to individuals, however, nationals of Denmark are not to be treated, at present, as enemy nationals.

America is strongly behind Mr. Cordell Hull's statement on this question and Japan would be well advised to take a realistic view of the situation instead of indulging in dramatics that impress no one at the moment. Faced with a crisis brought about by the failure of their expedition in China, this latest resort to a diplomacy, which may well have been prompted from Berlin, is a clear indication of the short-sighted policy of Japan's militarists.

In the meantime, China is gaining in strength from day to day and the Generalissimo's recent statement that millions of fresh Chinese troops, fully trained and equipped, are ready to continue the struggle to safeguard their sovereignty and drive the invader from their shores, must have come as a rude shock to the Japanese High Command. After nearly three years of hostilities, Japan finds the Chinese today better organized and more firmly united in their determination to oppose any Japanese intrigue against their land. With this striking lesson from the Chinese people, there need be no anxiety that the democratic countries of the world will permit Japanese militarism to exert pressure in any other direction which might endanger the rights and liberties of liberty loving peoples.

DEATH OF FORMER H.K. COUNCILLOR

Dr. F. Clark Was With University 1912-15

DR. FRANCIS CLARK, M.D., M.R.C.P., D.P.H., father of Mrs. Hilda Dowbiggin, wife of Lt.-Col. H. B. L. Dowbiggin, O.B.E., passed away peacefully in a Nursing Home in England on Friday in his 76th year.

Dr. Clark was a barrister-at-law of the Middle Temple and was Dean of the Faculty of Medicine of the University of Hongkong from 1912 to 1915 prior to which he was Dean and Lecturer on medicine for the College of Medicine, Hongkong, since 1897.

The late Dr. Clark, who was well loved by both Europeans and Chinese in the Colony, was a member of the Legislative Council in 1902 and of the Executive Council in 1905. From 1897 to 1915 he was a Justice of the Peace and was engaged in war and post-war work in England from 1915 to 1922.

From 1922 to 1924, Dr. Clark was appointed physician to the British Consulate at Mukden after which he became Chief Medical Officer at Wei Hai Wei where he remained until 1929. He was Commodore of the Corinthian Yacht Club from 1914 to 1915.

The late Dr. Francis Clark, M.D., M.R.C.P., D.P.H.

YEOMAN WORK  
Born on June 23, 1864, the late Dr. Clark was educated at St. Paul's School and St. Bartholomew's and Middlesex Hospitals and arrived in Hongkong about 1895 as Medical Officer of Health. He did yeoman work for the Colony in the outbreak of plague and then in the steps taken for the prevention of further big outbreaks. For this alone Hongkong owes him a great debt of gratitude. His keen interest in the College of Medicine and the Hongkong University are well known to older residents and many of his former pupils now in practice. He was also the organizer of the fund to make the University Sports Ground.

Owing to indifferent eyesight he did not take part in any games, but was fond of riding and yachting and was the life and soul of the Corinthian Yacht Club for many years. Amongst his other interests he was a member of the Cathedral Church Body and was Hon. Treasurer thereof for some years.

PROMINENT FREEMASON  
Dr. Clark was also a prominent Freemason, having been a Member of Perseverance Lodge, Hongkong, Founder and First Master of University Lodge, Hongkong, and Deputy District Grand Master of Hongkong and South China. Since his retirement to England, he was an active member of Lodges in London, including Rahere and University of London. Dr. Clark underwent a serious operation in 1933 and, though suffering from great disability, bore it with great courage and continuing to take a deep interest in everything in October last he had another, serious operation, followed by influenza which affected his heart. For the past two months he had been in a Nursing Home—passing away peacefully on Friday.

R.A.F. Striking At Nazi Air Transport To Norway

THE ROYAL AIR FORCE IS NOW STRIKING at German air transport to Norway as the Royal Navy has been attacking troopships at sea.

According to a Reuter message from London, strong British formations attacked German bases at Christiansand, Stavanger and Aalborg (in north Denmark). This is the first time the R.A.F. has attacked any base in Denmark.

The hangar was damaged and fires were started while a German transport about to land was attacked.

Aalborg is 50 miles south of the extreme tip of Jutland and is the jumping off point for Norway being 200 miles from Stavanger.

At Christiansand, a number of enemy planes were seen dispersed about the field and were attacked with bombs and machine-guns.

There was similar action at Stavanger where a seaplane base was also attacked. All the British planes returned safely.

JAPAN REPORTS RIDICULED

MOSCOW, April 21 (Reuter).—Japanese reports that the U.S.S.R. anxious to have her hand free in Europe, is seeking an agreement with Japan at any price, is denied in a special broadcast.

The announcer added that such reports are ridiculous, and that even Japan must realize that, owing to the situation in the Far East it is Japan who is seeking an agreement with the U.S.S.R. and not vice versa.

Mrs. A. Viola Smith, American Commercial Attaché in China, was an arrival in the Colony from the North yesterday.

CHINESE FORCES CONVERGING ON HANKOW

CHUNGKING, Apr. 21 (Reuter).—Chinese pressure on Japanese forces in the Nanchang-Hankow area is continued, according to a Chinese military spokesman.

Chinese forces, he claimed, yesterday morning captured S'hsan and Wanshoukuang, two important points in the western suburbs of Nanchang. The Chinese attack on these points, he said, had been launched on the night of Apr. 19. After a severe engagement all night the Chinese are reported to have entered the western suburbs of Kiangsi capital.

Chinese forces in Hupeh were converging on Hankow from three directions. The spokesman continued. Troops at Hsishui, on the north bank of the Yangtze, below Hankow, are said to be moving westward along the north bank towards Tsumfeng and Huangkuang, east of Hankow. The northern column at Macheng is reported to be pushing south-westward along the highway in the vicinity of Chungking, west of Hankow.

# FRENCH TROOPS ARRIVE IN NORWAY

## Landing Effected With No Opposition

### ARTILLERY AND TANKS PART OF EQUIPMENT

LONDON, April 21 (Reuter)—The first official French reference to their share in the expeditionary force to Norway was contained in Friday's official war communique.

It says French troops have already landed and are taking part in the operations.

Meanwhile it is still difficult to obtain a clear picture of the situation in Norway.

British and Norwegian troops are known to be in contact all over the north. Fighting is still going on for Narvik but the main offensive against the German positions has not yet started.

way have been reinforced and mountain batteries sent to Norway were made by the German News Agency which says that, during Friday, German troops in the Trondheim district were reinforced and supplied with equipment according to plan.

It declares that the German advance in north Oslo has been delayed less by the Norwegians than by the nature of the country.

Several batteries and mountain artillery were landed in Oslo yesterday for the use of most of the advance troops.

Germans operating in the Christiansand region, in south-west Norway, are said to be rounding up three Norwegian divisions.

#### CLEANING UP IN TURKEY

ANKARA, April 21 (Reuter)—The Turkish authorities are increasing their investigation into the activities of foreign residents, particularly of those who arrived recently.

The Directorate of Public Safety has already drawn up a list of undesirable recommended for expulsion.

## WEEK-END ACTIVITY AT KAI TAK: "IMPERIAL" & CLIPPER SERVICES

There were busy scenes at Kai Tak during the week-end—the Pan American Airways California Clipper and Imperial Airways plane Denebola arrived on Saturday afternoon and Air France plane took off for Hanoi the same day.

Yesterday, the California Clipper and the Denebola started in their return flights in the morning and the Imperial Airways plane Delphinus arrived at Kai Tak in the afternoon.

Pan American Airways Philippine Clipper is due to arrive at Kai Tak tomorrow.

#### IMPERIAL AIRWAYS

Mrs. F. E. Winter, well-known in local amateur theatrical circles, accompanied by her niece, Miss Macdonald, travelled by the out-bound Imperial Airways plane Denebola, which left Kai Tak Airport yesterday, on the return trip having arrived here on Saturday.

The Denebola, which carried two passengers to Hongkong on Saturday, took away with her yesterday 240 kilos of mail.

#### DELPHINUS ARRIVES

Shortly after 3 p.m. yesterday the Delphinus arrived in Kai Tak from the South. Two passengers arrived by the plane, Mr. Wan Wai-choi, from Bangkok and Mr. Luang Traasana, from Thailand.

The plane also brought in 150 kilos of mail.

#### CALIFORNIA CLIPPER

Pan American Airways California Clipper (Capt. Paul T. Adams) arrived at Kai Tak on Saturday from Manila. She brought

Mr. and Mrs. Ralph Arakie. Mr. Arakie is returning from Honolulu to his home in California where he is engaged in business.

Mr. and Mrs. Jack E. Horton. Mr. Horton is an executive of R.C.A. Corporation, and returned to Hongkong after a brief vacation in the Philippines.

Mr. Alfonso Ponce Enrile, prominent Manila lawyer on a visit to Hongkong on business.

Mr. John L. Kiernan, mining engineer of Baguio, Philippines, who has arrived in the Colony on a vacation and pleasure trip.

Mr. Domingo O. Almaraz, Chinese merchant of Manila, on a vacation trip.

Mr. and Mrs. Lucian L. Locke. Mr. Locke who is a frequent business and pleasure commuter between Hongkong and Manila, is an executive of Standard Vacuum Oil Co.

Between Narvik and Trondheim the Germans have not yet established positions, and a major Allied expedition is being prepared against Trondheim.

The Germans are said to be closing in on Elverum.

#### NORWEGIAN TACTICS

Norwegian tactics in destroying bridges and communications, says a German communique, "only causes hardships to the Norwegians themselves," and tells Norwegians that their hostile attitude is the cause of the stricter German attitude.

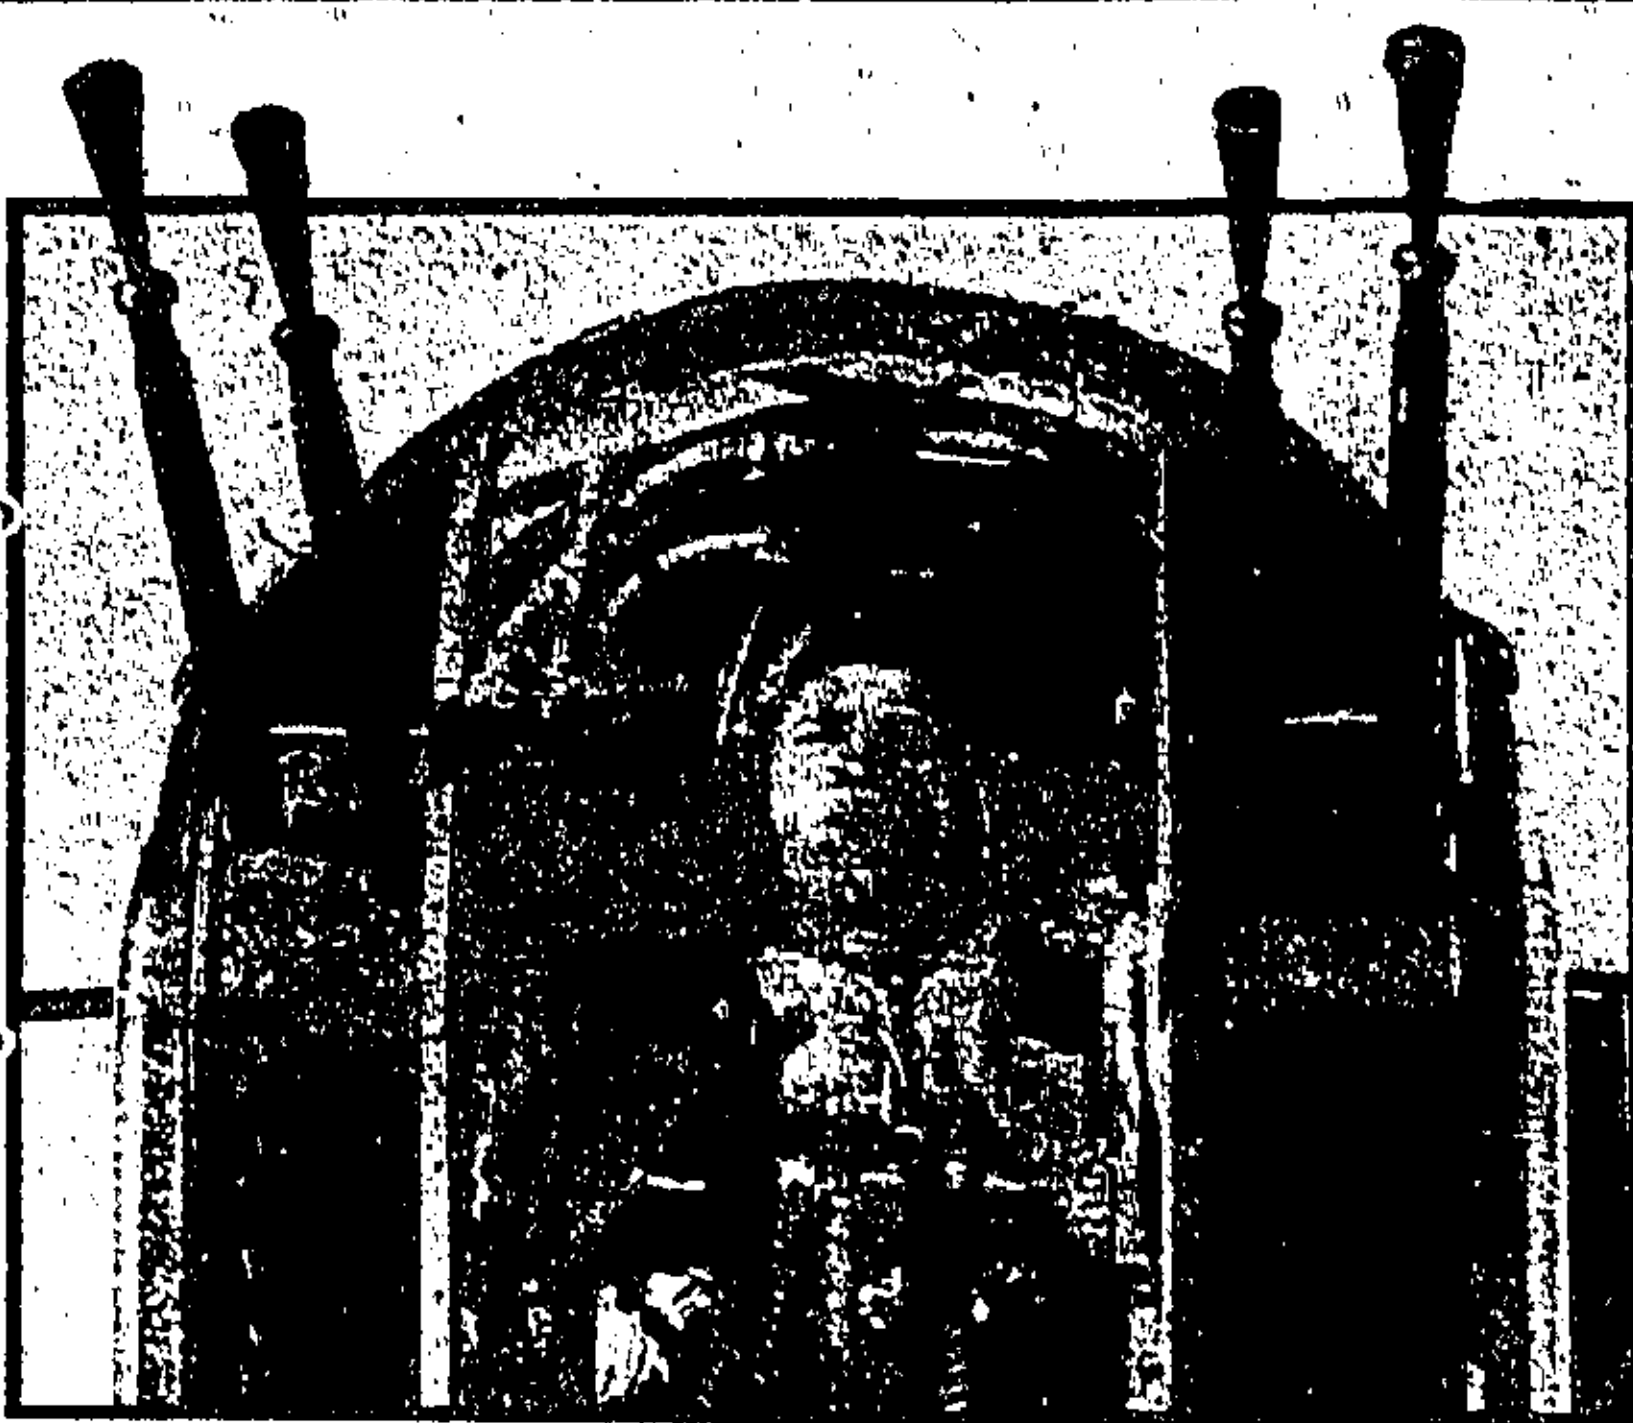

Complaints by Norwegians who have been forced to drive German soldiers in commandeered cars that they were taken to the firing line is met by the highly original explanation that "it is not the fault of the Germans but of the population of Norway who fire on German troops."

If they did not take this attitude, there would be no danger!

PARIS, Apr. 21 (Havas)—Allied troops continue to disembark at various points on the Norwegian Coast, according to the Paris Radio.

At Namsos, an engagement went in favour of the British, who repulsed the Germans.

The latest Nazi version of the events at Narvik is that British troops have been sent there, not to aid Norway but to threaten Sweden.

SEATED in his "nest" in the tail, his action station whenever enemy planes are sighted, is the rear gunner on a heavy bomber. This picture was taken at a British bomber station from which are made some of the extensive reconnaissance flights over Germany.

## ITALY'S PRESS AND THE EUROPEAN SITUATION

### Ludicrous In Presentation Of News: Contemptible To The World

LONDON, Apr. 21 (Reuter)—The Times yesterday dealt at length with the attitude of the Italian press.

"The hallucinations of the Italian press during the last fortnight have made them—with the exception of the Vatican newspaper and two or three other publications—appear ludicrous in their presentation of news and contemptible in their expression of views before the whole world—and also presumably in the eyes of their own readers, for the Italians are a particularly intelligent race."

"In any case, it is significant that the circulation of the Vatican organ, which still respects the truth, has recently risen by leaps and bounds."

#### SLIGHT BIAS

"Until the Brenner meeting of the two Dictators last month, the press as a whole gave news more or less objectively, although with a slight bias, due, no doubt, from a non-belligerent to its belligerent ally."

"After the meeting on the Italo-German mountain, frontier, however, all objectivity disappeared and after Signor Mussolini's announcement on April 7 that 'events which we see have grandiose proportions,' all records for truth have also disappeared from the pages of Italian journals—always with certain honourable exceptions."

#### UNOFFENDING NEIGHBOUR

"If grandiose events have not occurred they clearly had to be created on paper. And Germany did her best to provide material immediately after the Duce had spoken."

"She invaded an unoffending, unsuspecting and unarmed neighbour and tried to seize the territory of a second."

"This heroic act sent the Roman newspapers into transports of enthusiasm."

"It is well known that Italian papers, like their German colleagues, are in the unhappy position of having to publish what their masters order them to publish; and their masters at this moment obviously have urgent need of making German power invincible."

#### THE BITTER TRUTH

"The course of the campaign, has already brought some painful disillusionment to their wishful writings."

"Even Italian newspaper readers must know by now that eight large German destroyers were sent into Narvik Fjord by Admiral Raeder, and were there pursued and destroyed by the British Fleet."

"They must have learned from the Vatican newspaper and their own trustworthy broadcasts that one big German warship was sunk, two others damaged, three cruisers sent to the sea bottom, some more submarines destroyed and many—according to a Swedish report about 30—larger or smaller transports torpedoed."

#### COLOSSAL FIASCO

"One destroyer was sunk in addition to those now abandoned by the Germans at Narvik and three were damaged by the R.A.F. while the Fleet Air Arm have been busy all the time and have dropped bombs on other German warships, knocked about two aerodromes and destroyed many aeroplanes and some hangars."

"The colossal fiasco does not seem to have been on Britain's side."

## HEAVY ARTILLERY GOES INTO ACTION IN FRANCE

PARIS, Apr. 21 (Reuter)—A French communique states that during the night several enemy raids were repulsed. At the centre of the front, stretching from the Moselles to the Rhine French and German artillery fire was more intense and heavier today than on previous days.

Numerous engagements took place between our aircraft and German aircraft. In the course of these engagements two German planes, a fighter and a reconnaissance plane, were brought down on our territory by French fighters. Others were brought down by British aircraft.

One of our fighters was forced to land with in our lines.

#### BELGIAN "AGENT" ARRESTED

BRUSSELS, April 21 (Reuter)—A former Belgian airman and his wife have been arrested on charges of obtaining information for a foreign State and recruiting agents for this service, to watch troop concentrations on certain frontiers of Belgium.

A number of agents who had been in touch with the officer and his wife have also been arrested.

## No Fear Of Pacific Status Quo Being Disturbed: Concentration By Japan At D.E.I. Not Easy Matter

The Diplomatic Correspondent of the Sunday Times, according to a Reuter message from London, says that in informed circles in London it is felt that there is no need to fear the status quo of the Pacific being disturbed.

This is supported by an authoritative Dutch opinion which is that there is no reason whatever to assume that a change in the status of the Dutch East Indies would be imminent or unavoidable if Holland should be involved in the war.

#### MESSAGE FROM "PUPPETS"

It was learned from the Norwegian Consulate during the week-end that a communication from the "puppet" government set up in Nazi "occupied" Norway, had been received by the local office. When asked whether he had received any instructions from the proper Norwegian Government since the Nazi invasion, the Consul replied in the negative. The official added that he had received a communication from the Oslo "puppet" but proposed to ignore it. At the Danish Consulate it was stated that no instructions had been received from the Danish Government. They were "carrying on as usual."

#### BRITAIN READY FOR TALKS

LONDON, April 21 (Reuter)—It was announced in London today that the Foreign Secretary, Lord Halifax, yesterday received the Soviet Ambassador, M. Ivan Maisky.

Lord Halifax told the Russian envoy that Britain was prepared to explore the possibilities of a trade agreement which would take into account the war situation.

#### BRITISH REQUEST REJECTED

NEW YORK, April 21 (Reuter)—The Danish shipping committee here has rejected the British request that Danish ships should transfer to Allied register or risk seizure by the Allies as enemy ships.

The committee, representing major Danish lines, was formed in New York last week to handle the problem of Danish shipping outside Denmark.

#### LONG DISTANCE TELEPHONES

KUNMING, Apr. 21 (Central)—Marking a step forward in communications development, the Kunming-Chungking, Kunming-Kweilin and Kunming-Luichow long-distance telephone lines were inaugurated yesterday.

#### OHIO FLOODS

LONDON, April 21 (Reuter)—Hundreds of people have been rendered homeless as the result of the Ohio River having been swollen by heavy rain, and flooding the low-lying areas between Pittsburgh and Louisville.

The river level is rising at the rate of nearly five inches an hour and the Red Cross is now preparing for any emergency.

As a result of the recent Social and Dance held by "Toc H," Kowloon Circle, a Draft for 26-12-7 has been forwarded to "Toc H" Incorporated, London, to assist in their work with the British Forces in France and elsewhere.

Thanks are expressed to Rev. J.R. Higgs and the Churchwardens of St. Andrews Church Kowloon who gave use of their Hall free; the Dance Band of the Royal Corps of Signals, Mrs. A. C. Jeffreys and the ladies of St. Andrews Church and the Press.

The 30th Heavy Battery, R.A. held their annual dinner at the Hotel Cecil on Saturday night. Major C. R. Templar presided, amongst those present being Brigadier T. Macleod, C.R.A., Lt. Col. S. Shaw, R.A., Lt. Col. F. S. Hinchcliffe and B.S.M. (IG) C. E. Ford.

Among the events planned for the coming week at the Cheer-O Club are dances on Monday and Wednesday at 8.30 p.m., a whist drive at 9 p.m. on Tuesday, contract bridge and mah jongg on Thursday and a variety concert on Friday. On Monday, April 22, a gala dance with music by the dance band of the Royal Scots has been arranged.

#### U.S. PARTICIPATION IN ROME WORLD EXHIBITION

MILAN, Apr. 21 (Reuter)—An announcement that the United States Senate had approved of \$2,000,000 credit for participation of the United States in the Rome world exhibition in 1942, was made by the American Ambassador, Mr. William Phillips, addressing the annual meeting of the Italo-American Chamber of Commerce.

Mr. Phillips stated that this step had the full support of President Roosevelt.

It was hoped it would make the two peoples know each other better and lead to an increase in trade.

#### NOTHING TO REPORT

PARIS, Apr. 21 (Reuter)—A War communique issued today states that there is nothing to report.

## Rumania And The Soviet

### UNDERSTANDING, NOT RUPTURE

BUCHAREST, Apr. 21 (Reuter)—There are many indications that relations between Rumania and the U.S.S.R. are leading in the direction of an understanding rather than rupture.

The first signs lie in the economic field where it seems likely that negotiations are about to begin between Yugoslavia and Russia to be followed by similar talks between Rumania and Russia.

It is thought improbable that Russia has any immediate designs on Rumania and, least of all, risking a war with the Allies over such an adventure.

It is reliably reported from frontier towns that the Russians in Galicia are feverishly constructing fortifications along the Rumanian-Russian frontier in addition to three barriers of barbed wire along the whole of the line.

## BATHING CLUBS MUST MOVE

The question of the reclamation of the bathing club sites, at North Point, has again cropped up and from all indication this summer will probably be the last that bathing clubs will be permitted to pursue their aquatic activities at North Point.

It is more than likely that by this time next year, the bathing pavilions, now at North Point, will have to move to a new site.

INDUSTRIAL AREAS  
It is learned from a reliable source that North Point is included as one of the "industrial areas" announced by the Government some months ago, and it is therefore necessary to transfer the bathing resorts there to a more suitable place, presumably out of town.

At present, there are some nine bathing pavilions at North Point, the South China Athletic Association, the Chinese Bathing Club, the Chung Wah Bathing Club, the Chinese Bankers' Bathing Club, the Chinese Civil Servants' Club, the Chinese Y.M.C.A., the Eastern Athletic Bathing Club, the Wing On Pavilion and the Public Pavilion.

NEW YORK COTTON: A broad demand developed after the opening call under a moderate amount of new speculative purchases. The South and Bombay interests were small sellers. The weather in the Eastern belt is now less favourable than formerly.

NEW YORK RUBBER: A feature was the switching from near to distant months. The Trade bought near the close with dealers hedging against shipment purchases.

CHICAGO WHEAT: Rains and cooler weather in the South-West caused an early easiness, but there has been no pressure, except by local interest evening-up. Prices rallied later on some replacement of sold out lines on further reports of frost damage.

**MUSSOLINI'S ENVOY IN LONDON**

A car bearing the magic "C.D." plate drew up outside the portico of No. 4, Grosvenor Square, recently. Out got a dark, spickily-dressed man, Signor Giuseppe Bastianini, Signor Mussolini's Ambassador to the Court of St. James's, had arrived back in London after a week in Rome explaining the Anglo-Italian trade rumpus.

**CLOSE FRIEND**

The man whose main job it is to keep Il Duce in sweet and reasonable relationship with the British Government donned his blackshirt at the age of 32 for the 1923 March on Rome. From the birth of the Fascist Party he was a close friend of Signor Benito Mussolini, and when the Duce had to pick an Ambassador to Poland he gave Signor Bastianini the job at 34. In Warsaw he found that the youngest member of the Embassy staff was three years older than himself.

In 1936 Signor Fulvio Savich resigned his post as Under Secretary for Foreign Affairs to take the plum post of Ambassador to the U.S.A. Signor Bastianini was made Under-Secretary in his place. He came to London, when Count Dino Grandi was appointed Italian Minister of Justice last September, after seven years in London. At first the new envoy could speak English only hesitantly, but after a few private lessons he found it easier.

Dark, crimply-haired and bright-eyed Signor Bastianini looks younger than 40, has with him in London his wife and eldest children, a boy of 16 and girl of 14. Two other Bastianinis remained in Italy.

For a hobby the Ambassador paints landscapes and flowers. The walls of his Embassy in Grosvenor Square are hung with old Italian masters.

When war started, most of the treasures were taken down and stored in the cellars for fear of air-raids. But six months of war passed without bombs being dropped anywhere near London and most of the paintings were back to their old places recently.

"An old Cambridge golf Blue was asked by the registering official at the Ministry of Labour whether he belonged to any approved society. He replied hopefully, "Oh, yes. The Oxford and Cambridge Golfing one,"—"Peter-borough" in Daily Telegraph.

## IN LONDON TODAY

Special to H.K. Daily Press  
No war can ever change London's individuality and the readiness of its inhabitants to calmly meet every situation that might arise in the course of any hostilities. That individuality is more than noticeable today in the huge metropolis.

The latest developments in Europe, of course, are the main topic of conversation in the city. In the trams, in the buses and tubes one hears it everywhere and there is naturally a great deal of speculation as to the future.

Throughout all these comments runs the feeling that the months of preparation to combat the German aggressors has been fully justified by the successes which have attended the British and French fighting units—successes which have been predominantly marked in the land, air and naval engagements in Norway.

The chief features of this indomitable spirit in London is that every man, woman and child realises today that the Nazis have got to be beaten and their full confidence in the ability of the Allied arms to do so. As one man was heard to remark in the lounge of a well-known London hotel, "the sooner we can co-operate with all decent people in the building up of a better world and higher ideals of civilisation, the sooner will the menace and anxiety caused by ruthlessly-minded people be eliminated."

## COTTAGE CLUB PAPER HUNT

In a close and exciting finish, the Cottage Club paper hunt on Saturday was won by Captain F. P. R. James, with J. Buis and J. Fraser second and third.

The run started from Dill's Corner and wound through a course of four miles over grassy country. The ladies were well in the van and Mrs. Christine Wyatt, despite one tumble, was the first lady home.

## FRIENDS OF WOUNDED

CHUNGKING, Apr. 21 (Central)—The Friends of the Wounded Campaign launched two months ago has enlisted a total of 704,741 members whose contributions aggregated \$1,332,505, announced Dr. H. H. Kung, Chairman of the Campaign, at a meeting yesterday. The campaign was originally intended to enlist 100,000 members. General Ho Ying-chin, Minister of War, and Mr. Yen Chu-tsang, Secretary-General of the Central Kuomintang Headquarters, reported on the administration of wounded soldiers by the government. Madame Chiang Kai-shek, Honorary Chairman of the Campaign, also spoke. Further measures to push the Campaign were discussed.

## NEW HOME FOR QUEEN'S COLLEGE

Queen's College, at last, is to have a new home—on the site at present occupied by the South China Athletic Association at Caroline Hill.

This information was gathered from reliable sources over the week-end and it was further learned that as soon as another site can be found for the South China Athletic Association, construction of the new college buildings will be started.

## IMPORTANT RUSSO-BRITISH CONVERSATIONS

Special To H.K. Daily Press  
LONDON, Apr. 21 (Havas)—Considerable importance is attached by the press to the conversations between the Foreign Secretary, Lord Halifax, and M. Maisky, Soviet Ambassador to Great Britain, and the possible resumption in the near future of Russo-British trade parleys.

In a comment, which summarises the attitude of most of the papers, the Sunday Times' Diplomatic Correspondent writes, "while Britain is ready to discuss trade relations with the Soviet an agreement cannot be contemplated which would leave a substantial amount of supplies to reach Germany through Russia."

"The announcement of improvement in Russo-Yugoslav relations should also be greeted favourably as it may pave the way to better relations between Yugoslavia and Bulgaria, which is at present Russia's best friend in the Balkans."

## FWLER'S "HAT-TRICK" FOR CLUB AGAINST CHAMPIONS

The surprise of the local soccer season occurred on Saturday when the League Champions South China "A" went down to the Hongkong Football Club by three goals to one.

The Club were two goals up at the interval, a goal scored late in the second-half by Lal Shui-wing following a good inter-passing movement with Fung King-cheong, saved the Chinese from defeat by three clear goals, Fowler having brought off the "hat trick" for the Club, aided by good wing combination by Bickford and Strange.

South China, without Lee Wai-tong and Leung Wing-chui, were never at any stage playing football of First Division standard while the Club were serving up soccer in exceptionally brilliant style, and it is generally conceded that even with Lee and Leung the Club would have emerged winners on their form.

Chan Wai-sung, at centre forward in place of Lee Wai-tong, and Soong Ling-sing deputised for Leung. Both players are from the Chinese second string and are, still lacking in experience in League football, although it must be conceded that Soong gave a promising account of himself.

### NO STING

The Chinese attack was sadly lacking in sting and with the Club backs playing brilliantly they were badly out-classed, and there was a good element of luck in the goal scored by Lal.

### OTHER GAMES

The results of the other First Division League games played on Saturday resulted as follows:—South China "B" defeated the Middlesex Regiment by four goals to one in a thrilling game on the Club ground. The Chinese were up by three to one at the interval, but the soldiers were outplayed and were not only unable to reduce their deficit in the second half, but they also failed to check the powerful Chinese attack, the weakness of the Middlesex defence being most apparent.

The "Diehards" half-line was largely responsible for breaking up some good Chinese movements while the Regimental forwards were disappointing. The Chinese forward line, on the other hand, was most formidable and whenever they managed to pass the Middlesex halves the opposing goal was an easy target. Drake brought off some splendid saves, but he was too hard pressed and let many go by.

C. Thomas netted for the Diehards and Chan Tak-fai (2) Kwok Yin-kee, and Lee Shek-yau (penalty) for South China "B".

### A DULL GAME

In the game between Royal Scots and St. Joseph's, O'Hare netted for the soldiers, the only goal scored in a dull and uninteresting game in which both sides appear-

ed to be entirely off form. The Royal Scots were leading one nil at half-time and there was no alteration in the score at the end of the second session.

### KOWLOON BEATEN

Kwong Wah defeated the Kowloon Football Club in a fast and interesting game at Boundary Rd. by four goals to two, after Kowloon had held the lead at the interval.

Kowloon dominated play throughout the first session, but seemed to crumble up in the second half when Kwong Wah opened up and forced the game, keeping the ball for long periods in the opposing section of the field.

Tsin Chi-run netted two for Kwong Wah and Lal Fook-chuen the other two, while Santos was responsible for the two scored by Kowloon.

### SECOND DIVISION

In the Second Division League Royal Engineers scoring through Taylor and Pelham, beat the 30th Heavy R.A. by the odd goal in three, Guy netting for the runners.

In the Third Division International beat Electric by two clear goals.

where different types of bombs were supposed to have exploded and caused damage. The Fire Brigade attended to fight mock fires, remove supposed debris and decontaminate imaginary gas, whilst St. John members followed their tasks of aiding the wounded and removing them to the first aid stations.

Directing the exercise were Mr. E. M. Raymond, Assistant Commissioner, Mr. A. el Arculli, District Superintendent, Hon. Dr. Li Shui-ian, Brigade Surgeon, Mr. Chak Tai-kwong, District Officer, Dr. Arthur Woo and Dr. P. Rutledge, Corps Surgeons, and Mrs. H. Selwyn-Clarke, Corps Officer.

General satisfaction was expressed by those in charge at the result of the exercise, which was also observed by A.R.P. officials, the work of the Brigade being an important component of the general scheme of air raid precautions in the Colony.

## N.P.P.C. TERM OF OFFICE IS EXTENDED

CHUNGKING, Apr. 21 (Reuter)—The term of office of members of the National People's Political Council, which would have expired on July 1, has been extended four months until November 1. It is learned here.

The Government recently revised the regulations concerning the Council fixing the term of office for members for one year which should expire on July 1 but owing to the convocation of the National People's Congress in November it was decided to extend the term of office till the meeting of the Congress.

Following the Congress, which is scheduled to adopt the constitution and establish a constitutional government, the present Council will be abolished.
